

## Share your knowledge

We run Business and Careers-In-FOCUS projects for our young people, and employability workshops for our older clients. Industry professionals who volunteer to take part in these activities are vital to the success of our projects. If you would like to share your experience we would love to hear from you.

This role suits people who are happy to be part of a team, who are fun loving and enjoy being with children. Experience is not essential but enthusiasm and energy is important.

“The best thing about volunteering is meeting the students, helping them, seeing them gain in confidence and rediscovering through the students' subjects knowledge that I thought I'd forgotten.”
